Attached is the bank document that I was referring to previously when we spoke. This is the only nexus document that EPA has regarding Progressive Ink. You may consider this email as documentation of the approval of the extension to March 21, 2014. If you have any further questions feel free to contact me.

I have been retained to assist Flint Group in responding to EPA's 104(e) Request. In this regard, could you please forward to me any nexus documents the EPA may have regarding Progressive Ink, including the bank documents that you referenced earlier as confirmed in my e-mail below. Thanks and if you have any questions or would like to discuss, please do not hesitate to give me a call.

Bonnie,

I hope this e-mail finds you safe and warm.

As we discussed yesterday, I have been asked by Flint Group ("Flint") to assist them in responding to EPA's 104 (e) Request for Information directed to Progressive Ink. I am working through clearing potential conflicts and, as a result, have not been formally retained. However, in the interim, this e-mail shall confirm that EPA has granted Flint's request for an extension to respond to EPA's 104(e) Request for Information. The new due date for Flint's response is March 21, 2014.

During our call, you indicated that Progressive was listed on a bank document as having transactions with Superior between the time period 1/1/1992 to 12/31/92. While you offered to send me this document once I am formally retained, could you please instead send this document and any other document regarding Flint's alleged nexus to the site directly to Peter Schreck, Flint's Senior Corporate Counsel. I have copied Mr. Schreck on this e-mail (peter.schreck@flintgrp.com).

If you have any questions, please do not hesitate to give me a call. Otherwise, I appreciate your courtesies and look forward to working with you on this matter.
